Dear Mr Ryti: -

My best thanks
for your courtesy to
me at Helsingfors.

I intended to
get your ideas somewhat
further regarding the
future financing which
might be expected (if any)
from Helsingfors, Åbo,
Helsingö or Wiborg.

I judge from what you
said about Finland's
general financial policy

that you will not be
inclined to have the
cities borrow abroad at
present. Please keep
in mind, however, that
we are quite free to bid
except on government
issues, and would be
glad to discuss it any
time the question may
come up.

Very truly,

Ray Brown
