Amsterdam,  
Spuistraat 210.

Dear Mr. Wight,

I had great pleasure in receiving your friendly letter of the 10th inst. as well as a copy of the appeal signed by a number of remarkable and here well known persons for contributions for the work in Finland of the American National Red Cross.

Of course I have laid your letter and the appeal before the Prime-Minister Risto Ryti and we both beg to express to you our great satisfaction as well as our sincere thanks for the very valuable work and the sympathy extended to our country by you and the American National Red Cross.

With a request kindly to convey our thanks also to the Gentlemen of the Committee and all other co-operating persons I am with kind personal regards to you and my thanks for your continued agreeable co-operation

Yours very truly
