Dear Gov Ryti:-

Before sailing for New York, I wish to thank you for your hospitality during my visit to Halsingfors, and the opportunity for an extended conversation. My trip has not been conducive to optimism in a business sense as the outlook for the enterprise system is not helped by the nearness of a conflict and the required adjustment to new world leadership - with imperialistic objectives - which today seems certain.

Hoping to have the pleasure  
of seeing you in New York  
next year, I am

Yours very truly
