Finlands Bank,  
HELSINGFORS.

Dear Mr. Rytti,

When I had the pleasure of calling on you together with Mr. Lindhjem last June I understood that you contemplated in 1925 a trip to the United States. I remark in the "Times" of date that you are leaving on the 5th February and take the present opportunity of assuring you that it will afford my principals considerable pleasure in being of service to you and in doing anything they can towards rendering your stay in the United States agreeable. Your views, moreover, on Finnish conditions and prospects, will be of the greatest interest to them.

With best wishes for a pleasant and profitable journey,

Yours very sincerely,
