

THE NEW YORK TRUST COMPANY
NEW YORK

GEORGE MURNANE
VICE PRESIDENT

February 26th, 1925

Dear Mr. Ryti:

I have now had a chance to confer with Mr. Buckner, the Chairman of our Board of Directors, who finds that he will be free too on next Wednesday night and he will look forward very much to having you as his guest at dinner on that night.

If I might expect from you a word of confirmation that this night is definitely agreeable to you, Mr. Buckner will then forward you his invitation to dine. It will be quite satisfactory if your secretary will telephone to my secretary that that evening is definitely allright.

With respect to your trip to Niagara Falls, I assume that you will stop off at Buffalo, which I think you must in any event do to go to Niagara Falls, and you will probably have headquarters there at a hotel. If you will confirm to me that that will be the case, then I will endeavor to arrange at once whereby one of the leading Buffalo banks will take care of arrangements for you to inspect the water power developments at Niagara Falls, and extend to you of course the courtesies that they will so enjoy extending.

Sincerely yours,

Mr. Risto Ryti,
