Dear Sir,

Thanking you for your letter and memorandum of the 11th inst. I beg to say that I have with great interest made myself acquainted with their contents and with the investment possibilities that appear in the same. I have mailed a copy of the letter as well as of the memorandum to Mr. Harry Broms, Manager of our Foreign Department and hope that when the time is suitable it will be possible to transact such business as the memorandum deals with on the basis of the conditions you have laid down in same.

Yours truly
